

10/19/20

Good Evening Generals,

I am reaching out to remind our families of the traffic pattern and procedures for our morning drop off in the back of the Middle School Building. We ask that you please adhere to the following guidance to help ensure the safety of our students and families.

First, remember that the building opens to students at 7:20 AM

Additionally, We ask that enter at the North entrance, or first entrance on your left when coming from state route 13 and travel behind the building. Please follow this one-way traffic pattern.

If you arrive before 7:20 a.m. please park in the gravel areas while waiting to drop your student.

6th-grade students enter through the small gym doors and 7th and 8th-grade students enter through the band-room doors.

Finally, as you move through the line please watch for students that may be crossing from the parking area.

Again, we ask that you please practice these procedures to provide a safe environment during our student arrival time. I also invite you to review our "Middle School Arrival and Pickup Procedure" link for more guidance that is posted on our Middle School Homepage.

Thank you for your attention to this matter and have a great evening!
