

All Call 9/18/2020

Hello Sheridan Middle School Families,

We would like to inform you that Interim reports were sent home today with your students. Please note that this report only covers the first three and a half weeks of our school year. Included with this Interim grade report is a letter about parent teacher conferences which are scheduled for next Thursday September 24th. This year, due to current Health Department Guidelines, conferences will take place through email or video conference. If you would like to schedule a conference, please complete the scheduling form and return it by next Wednesday.

Remote students, you will be receiving your interim grade report and conference information through the mail.

Thank you and have a great weekend.
